FRESH PICK-UP POLICIES & PRACTICES

HOW MANY SETS OF GROCERIES CAN A CAR COLLECT?

- You can only pick-up one set of groceries per account you are registered on at IMPACT. You may only be listed under one account.
- If someone from another account rides with you, they can also pick-up groceries for their own account assuming they are registered and have Photo ID.

TO COLLECT GROCERIES AT IMPACT AFTER JANUARY 1, 2024...

- You need to be registered in our system under the account that you want to pick-up food for at IMPACT.
- You need to be present at pick-up, or have another registered adult from your account present. For example, if your grandmother needs you to pick-up groceries for her, you would need to be listed under her account. You can pick up for that account, but not that one and another. Only one pick-up allowed per account per week.
- You need to be able to present a Photo ID (Utility bills are no longer necessary).
- You are invited to come one time each week.
